## FEW WORDS FROM THE GROUP ADVISOR

**NEPEDS**  
Group of Institutions

There is a saying in Economics, which says that a baby is born not only with a mouth, but two hands. It is these two hands which will later not only feed the baby as it grows up to an adult, but also come to the service of other people. The aim of the NEPEDS is to help people to help themselves and also help others.

Pharmaceutical science, Nursing, Paramedical support and medical attendance is an area deficient in the North East. These services are very essential for a healthy welfare

state. NEPEDS is aiming to produce best quality trained manpower, in this area. We have also expanded in other areas of skill development and produce world class manpower to meet the needs of society. We assure you all of nothing but the best, so that all leave the institution as hallmark of the best.

May your days in the NEPEDS institution, one of the best period of your life and later the world praises the quality of your service delivery.

**Swapnanil Barua, Rtd. IAS**  
Group Advisor, NEPEDS

## FEW WORDS FROM THE CHAIRMAN

**NEPEDS**  
Group of Institutions

It gives me immense pleasure for your excellent choice to study in “NEPEDS” Group of Institutions. We started our venture with the aim of fulfilling the growing demand of the continuous expansion of the Health care Industry and for its trained Pharmaceutical Science, Nursing and other Paramedical professionals. In order to cater to this demand to whatever extent possible, NEPEDS Group of Institutions have come forward with certain institutes in North East Region in regards to uplift the area of Pharmaceutical Science, Nursing and other Paramedical segments.

Further, we are also providing skill training and quality higher education for needy young qualified people and also those who have no access to continue their academic/technical studies due to various reasons.

Wish you to have your dreams come true with the opportunity of servicing the people through the noble profession, since “if you cannot be ruler, then be a healer”.

**Dr Prasanta Buragohain**

Founder President Cum Chairman, NEPEDS  
and Founder CMD, NEPEDS Foundation Assam

# FEW WORDS FROM THE DIRECTOR

**NEPEDS**  
Group of Institutions

Service to the people is service to the God. My heartiest welcome and appreciation for your decision of choosing to be a part of “NEPEDS” Group of Institutions. Certainly, it's the bridge to have the opportunity to serve the people as well as society. Off-course the offered segment of courses are highly demandable in comparison

with other segments of education as to meet up the shortage of man power in Pharmaceutical Science, Nursing and other Paramedical courses in con

cerned with the employment in the region to fulfill your dream and also to have the opportunity for higher education.

We look forward to you joining us to fulfill your dreams with the finest institutes of the region.

Wish you a bright academic carrier and execution of a quality service to the society.

**Mollika Konwar Buragohain**  
Founder Secretary Cum Director, NEPEDS and Founder  
MD, NEPEDS Foundation Assam

# PRINCIPAL'S MESSAGE, NCPS

**NEPEDS**  
Group of Institutions

Dear Students and Guardians,

Greetings from the NEPEDS College of Pharmaceutical Sciences (NCPS).

At the very outset, I would like to take the opportunity to congratulate you all for seeking admission to our B.Pharm. and D.Pharm. courses. I welcome you all to the dynamic world of pharmacy, where science meets compassion and innovation thrives in the service of health and wellness. Pharmacy is far more than just a profession; it's a discipline that intertwines cutting-edge research, meticulous care, and the noble pursuit of healing. Here at NCPS, we not only aim to produce pharmacists but also to mold ideal pharmacy professionals who can meet the needs of society and the challenges

the profession holds. The institute has a glorious standing of 4 years and continues to evolve as the most reputed pharmacy college in the state of Assam, having the best instrumental facilities in north-east India. The college has an excellent infrastructure with a sophisticated and ambient research atmosphere of international standards and highly qualified and dedicated faculty and staff who are committed to providing an outstanding educational experience to the students. NCPS cultivates and encourages out-of-the-box thinking necessary for success in the profession and patronizes the students to acquire strong scholastic ability and become future pioneers in the profession of pharmacy. Today, the Pharma industry has a turnover of billions of dollars. India is not only producing medicines for the domestic market but also exporting them in a big way. This rapid growth in the pharmaceutical sector is creating thousands of job opportunities every year. Our college provides value-based quality education, produces professionally competent students for a career in pharmacy, and raises quality-trained manpower to meet the requirements of national and international industry.

Join us on this exhilarating adventure, where the boundaries of what's possible are constantly expanding and where the pursuit of excellence knows no bounds. I, on behalf of the management, faculty, staff, and students of NCPS, welcome the prospective students and their guardians to visit and join us in our journey to make India a fundamentally strong country and a global player.

श्रद्धावाँल्लभते ज्ञानं तत्परः संयतेन्द्रियः।  
ज्ञानं लब्ध्वा परां शान्तिमचिरेणाधिगच्छति॥

Professor and Principal  
NEPEDS College of Pharmaceutical Sciences

## PRINCIPAL'S MESSAGE, PIN

**NEPEDS**  
Group of Institutions

It gives me great pleasure to welcome you to Purbottar Institute of Nursing, an establishment founded with the admirable goal of easing the suffering of the ill and impoverished.

The Institute was established in 2014, which offers 3 years Diploma Program in General Nursing and Midwifery (GNM) and 2 years of Auxiliary Nurse and Midwife (ANM). The Institute is recognized by Indian Nursing Council and Assam Nurses midwives and health visitors council.

The goal of Nursing program is to effectively and efficiently equip and channelize students' knowledge, attitude, skills, and potential in order to offer high-quality healthcare.

To deliver quality education and preparing Nurses with competent skill the institute is well equipped with various laboratories and a group of highly skilled, seasoned, and dedicated teaching faculty members who thoroughly prepare the students to uphold professional standards and support them engaging in high-quality nursing practice. We provide extracurricular activities that help students reach their full potential.

I extend a warm welcome to all students at Purbottar Institute of Nursing and wish them the best possible start to their careers in Nursing as well as a bright future.

**Ms. Karishma Das**  
**Principal I/C**  
**Purbottar Institute of Nursing**

## About NEPEDS

With its inception in 2006, NEPEDS is one of the premiere Registered Pharmaceutical Science, Paramedical, Nursing and Skill Development Institution that has grown bigger and better with the passage of time and has trained more than 2500 students till date and changed their lives in a positive way. NEPEDS is a Recognised Approved and Affiliated from Concern Universities Departments and Council which guarantees authenticity in their esteemed Degrees and Placements.

They also have been accommodating school drop outs to provide them with an apt platform to grow economically in life.

NEPEDS has carved a niche for itself by committing itself to the continual improvement of teaching quality, processes to evaluate significant progress level of the students and creating trained personnel in various sectors.

With its motto "Service of mankind is service to people", NEPEDS stands high on its belief and have been contributing immensely in training in Paramedical, Nursing and Developing skills and Adequate placements to the less privileged section of the society. NEPEDS believes that only with correct identification of a student's caliber and interest, it can help impart skills and do the required placement for the student. Thus through its unique courses and training programs, NEPEDS has been providing vocational courses to their students to cherish their dreams through a settled source of livelihood.

## What makes us different?

To promote, uplift the downtrodden and disadvantaged people irrespective of caste, creed, colour, religion or language in all aspects and make them as a good citizen of India by eradicating illiteracy and making them self dependent.

Developing the life style of targeted group with economical upliftment and finding a good social life according to a newly modernized society as well as making them think that all are equal in all spheres of life is the prime goal of institute.

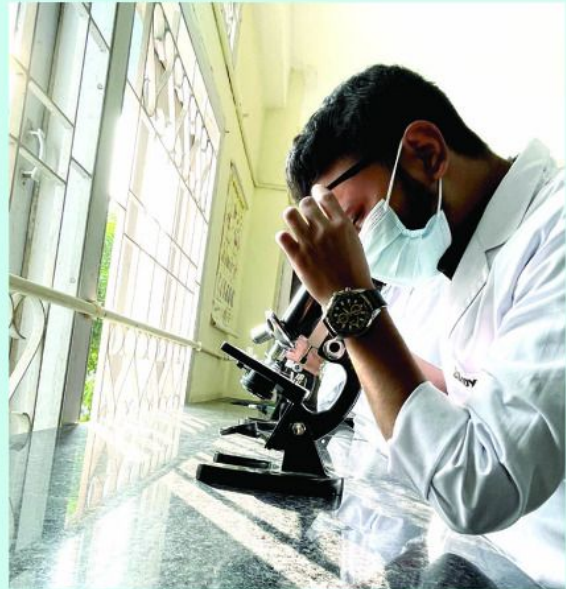

## Our Mission

Developing the life style of targeted group with economical upliftment and finding a good social life according to a newly modernized society as well as making them think that all are equal in all spheres of life is the prime goal of institute.

The aim of the NEPEDS is to train people to help others. Healthcare Segment is an area deficient in the North East. These services are very essential for a healthy welfare state. NEPEDS is aiming to produce best quality trained manpower, in this area.

## Our Vision

To impart the professional, vocational and skill development courses among the youth who are Interested and Dedicated to the noble profession in healthcare segments and make them fully qualified and equipped with wide knowledge of such education and prepared for job opportunity.

There is a saying in Economics, which says that a baby is born not only with a mouth, but two hands. It is these two hands which will later not only feed the baby as it grows up to an adult, but also come to the service of other people
